

Art Unit: 1796

In claim 3, line 1, change "claim 2" to -claim 1--.

In claim 60, lines 1-2, delete "comprising an aqueous dispersion of a polydioxothiophene, at least one colloid-forming polymeric ^{acid} material, and" and replace with --according to claim 1, said composition further comprising--.

NR
6-12-8

Cancel claims 2, 54 and 59.

Authorization for this examiner's amendment was given in a telephone interview with Mr. John H. Lamming on 05/19/08.

The following is an examiner's statement of reasons for allowance:

The instant amendment has overcome the prior art rejections.

With respect to Sotzing, Pickup and Ohtani, the examiner respectfully maintains that these references may disclose or suggest the instantly claimed "aqueous dispersion". However, the prior art, either alone or in any fair combination, fail to disclose or suggest the instantly required aqueous dispersion comprising colloid-forming fluorinated polymeric sulfonic acid and substituted/1,2-cyclohexylene radical polydioxothiophene.
